WHAT TEACHERS SAY:

“Es una actividad muy fácil de seguir, entretenida y permite que los estudiantes usen el español mientras comparten sus investigaciones. Gracias.” –Yirk R.

“This is very easy to use and administer. My students really enjoyed the independent work aspect and that they could choose someone to research that they were already interested in. Thanks for leaving an example, that helped my students a lot as well, and I am always so grateful for a rubric!” – Laura P.

“Great project for students to complete on their own with very little explanation needed.” – Joshua T.
